### Step 2: Identify Your Target Audience

Understanding who your affiliates will market to is crucial. Key segments include:

- **Experienced Traders** - Users switching from competitors for better fees or features.
- **Brokers & Institutional Investors** - High-volume traders seeking advanced trading tools.

Example:

Affiliate campaigns should focus on **traders looking for a regulated and secure exchange with low fees and advanced features.**

### Step 3: Design High-Converting Campaigns

- **Limited-Time Discounts** - "New users get zero trading fees for the first month."
- **Exclusive VIP Perks** - "Sign up with this link to access premium trading features for free."

Example:

- An affiliate promotes "Your Exchange's" **zero-fee trading offer** for the first 30 days to encourage signups.

#### Step 4: Provide High-Converting Marketing Materials

Affiliates need effective tools to maximize conversions, including:
