## Step 1: SET TYPE & PRICE

The screenshot shows the first step of a three-step process. At the top, there are three numbered tabs: 1 (green, 'SET TYPE & PRICE'), 2 (orange, 'SET TOTAL AMOUNT & PAYMENT METHOD'), and 3 (orange, 'SET REMARKS & AUTOMATIC RESPONSE'). The main content area has two tabs: 'I want to buy' (selected) and 'I want to sell'. Under 'I want to buy', there is an 'Asset' dropdown menu with 'Please Choose Asset' and a 'With Fiat' dropdown menu with 'Please Choose Fiat'. Below these, there are two radio buttons for 'Price type': 'Fixed' and 'Floating'. A green 'Next' button is at the bottom right.

Set price type and price then click next.

This screenshot shows the same interface as the previous one, but with values entered. The 'Asset' dropdown is set to 'BAT' and the 'With Fiat' dropdown is set to 'USD'. The 'Price type' radio buttons have 'Floating' selected. Below the radio buttons, there is a 'Your Price' input field with '0.2' and a 'USD' label, and a 'Lowest Order Price' label with '0.20 USD'. At the bottom, there is a 'Floating Point Margin' input field with '86' and a note 'Should be >85% and <120%'. A green 'Next' button is at the bottom right.
