

Here's a step-by-step guide on how to create a Facebook Page, along with some descriptive explanations for each step:

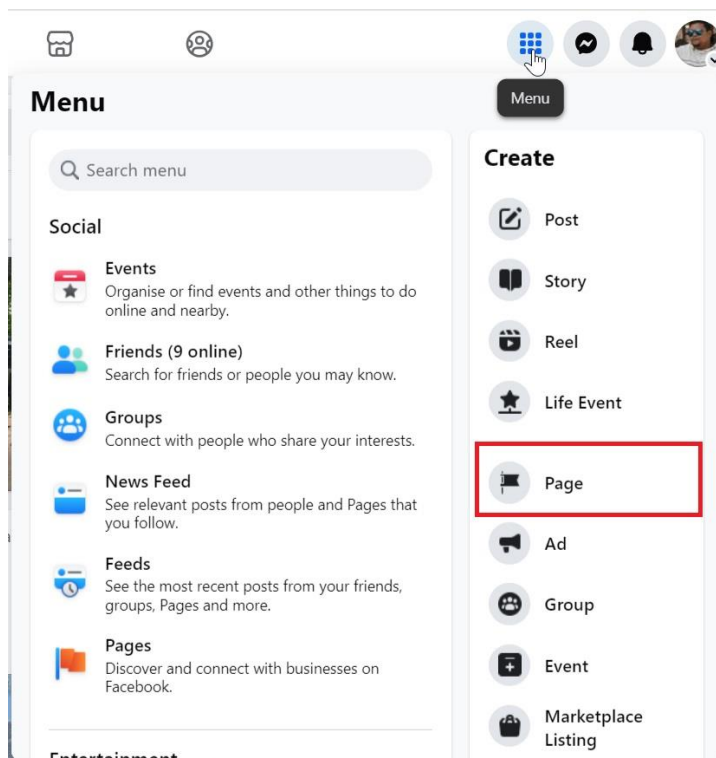

## 1. Log in to Facebook

- Go to [facebook.com](https://facebook.com) and log in with your credentials.
- If you don't have an account yet, you'll need to create one first by signing up.

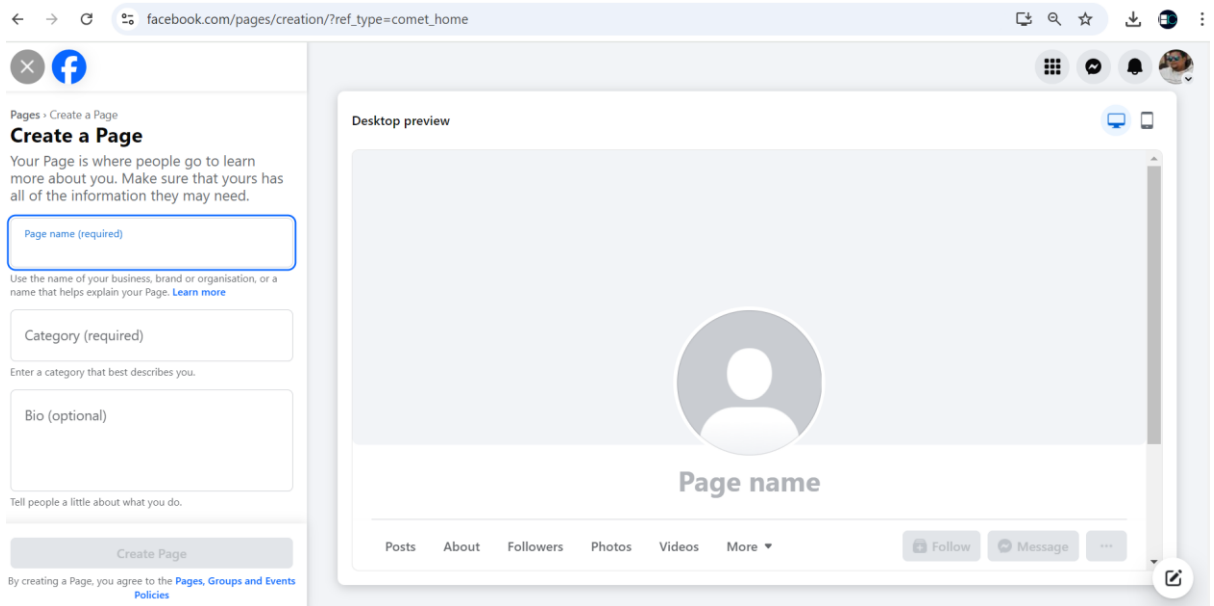

## 2. Go to Facebook Pages

- Once logged in, click on the menu icon in the top right corner of the screen.
- In the dropdown menu, select **Pages**.

### 3. Create New Page

- On the **Pages** screen, click on the **Create New Page** button.

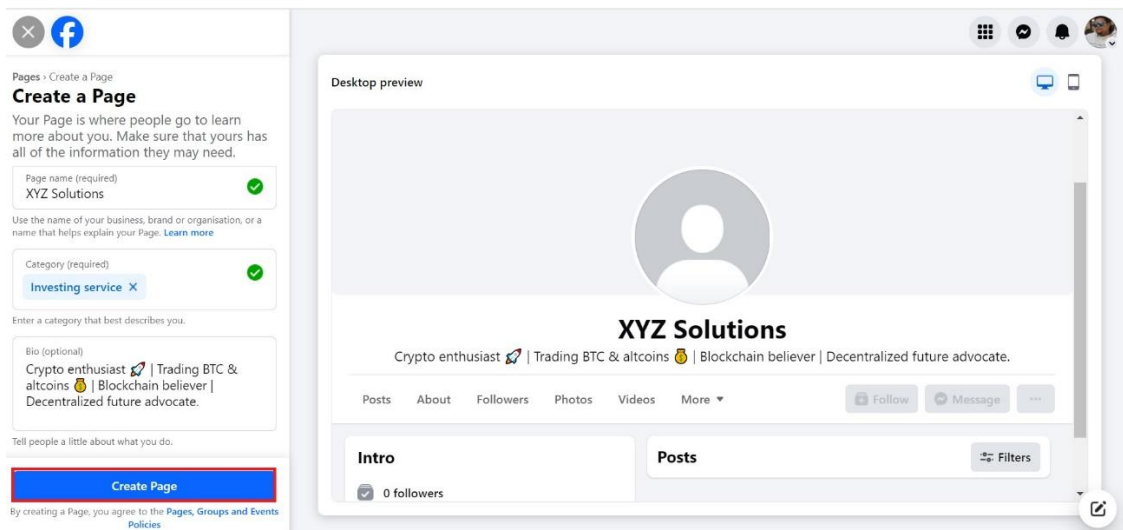

### 4. Fill in Basic Information

- Enter your **Page Name**, **Category** (what your page is about, e.g., business, entertainment, etc.), and **Bio** (what people should know about your page).

(The maximum number of characters allowed in a Facebook bio is 101 characters. This includes spaces, punctuation, and emojis.)

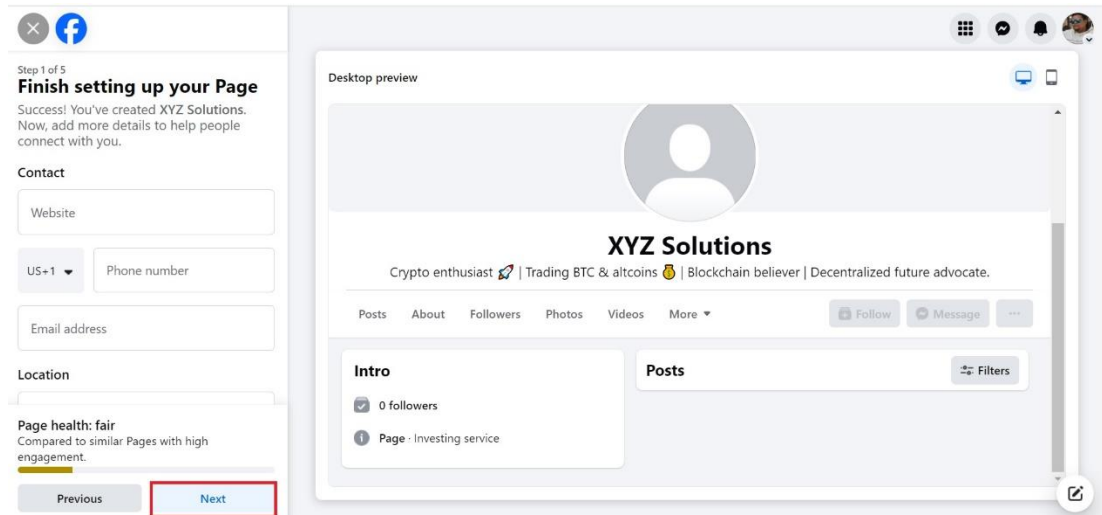

Click on **“Create Page”** to publish your page.

## 5. Set Up Additional Details

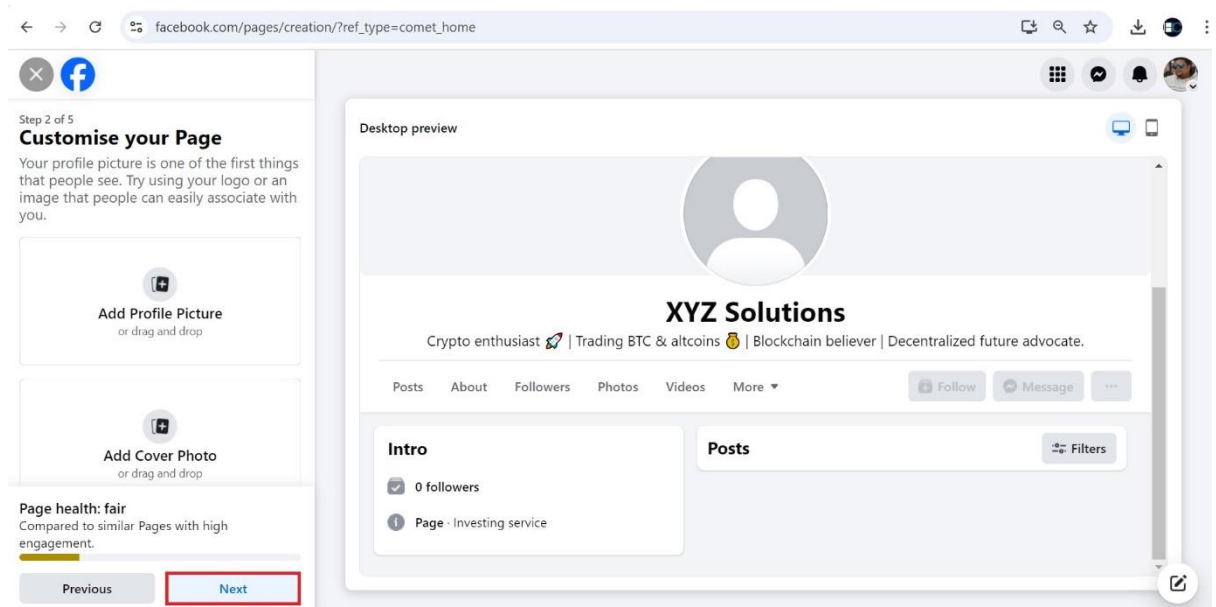

- Add more details like contact info, location, and other relevant information to help people find your page.

Then Click on “Next”

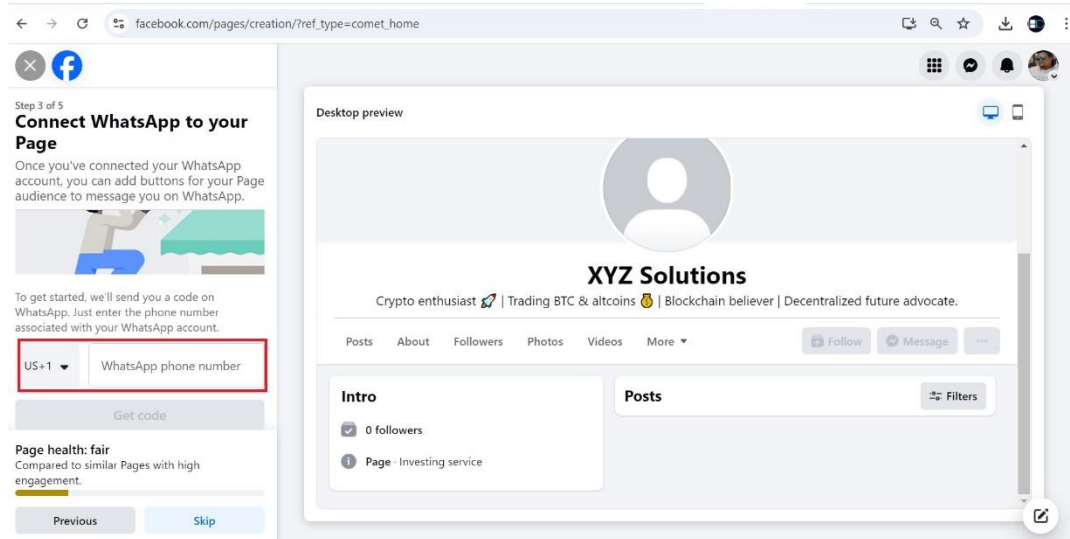

## 6. Add Profile and Cover Photos

- Upload a profile picture and cover photo to make your page more appealing. This could be your logo or relevant images.

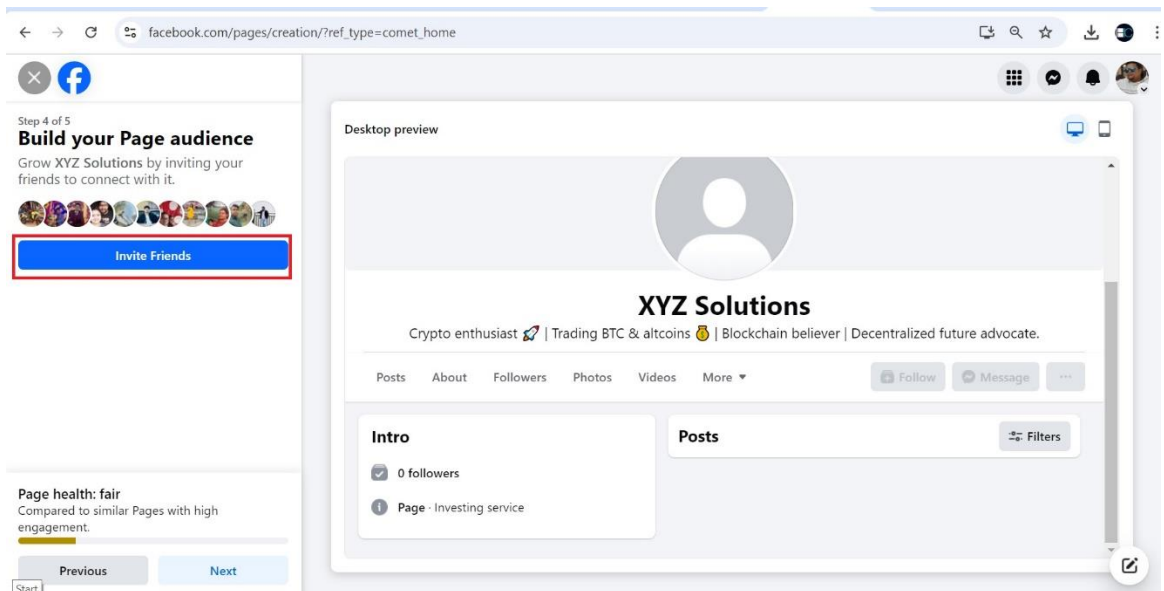

## 7. Connect WhatsApp to your Page

- Once you add the profile picture and cover photo and click on “Next” you will be taken to next step to add your WhatsApp number to your page

## 8. Build your Page audience

- You can also invite your friends to your page.

Your page is now created, and you can start sharing content, inviting people to like it, and setting up features.
